Ogni giorno, attraverso il design di Billiani, architetti e interior decorator esprimono le proprie idee progettuali. Dall'Italia all'Europa, e dagli Stati Uniti all'Australia, passando per India, Cina, Giappone e Medio Oriente, le sedie di Billiani sono state selezionate per arredare hotel e piccole boutique dell'ospitalità, ristoranti alla moda e botteghe sperimentali, case private e sedi corporate. Questo volume, che raccoglie una piccola selezione dei più recenti progetti realizzati, mostra come i prodotti di Billiani sono stati interpretati in molti modi diversi dentro spazi reali, e come vengono vissuti ogni giorno.

/ Every day, architects and interior decorators express their own ideas through Billiani's design. From Italy and Europe to the United States, Australia, India, China, Japan and the Middle East, Billiani chairs have been chosen to furnish hotels, boutique accommodation, trendy restaurants, experimental stores, private homes and corporate spaces. This volume, which brings together a small selection of the most recent projects, showcases how Billiani products have been interpreted in a variety of different ways within real spaces, and how they are experienced every day.
